Our File Number: 2453-06

Dear Judge Yanthis:

I am responding to the plaintiff's attorney's letter concerning an attempt to reargue your Decision, denying their request.

The plaintiff's letter is predicated upon a purported hearsay conversation between the attorney and his client, without any proof whatsoever that the defendant "makes extensive use of non-union mason employees to perform masonry work on its construction projects". Firstly, there is not a scintilla of evidence supplied to Your Honor to support this new application. Secondly, if the use of non-union masons was so "extensive", why wasn't Your Honor told about it initially? It is respectfully submitted that there is no good faith basis for this request, which has already been denied by Your Honor.

Thank you for your courtesy.

Very truly yours,

PIRROTTI LAW FIRM LLC
